

9th Winnemucca Balloon Festival
May 15-17, 2020

Three days of flying in the wide open spaces of Northern Nevada, one of those areas that you may have driven through on your travels across I-80 and said "Wow, what a great place to fly. . . ." wide open and very few 'red zones' make this a great place to play.

Anyhow now is your chance to experience a wonderful small town event, with friends and meet some new ones but to enjoy the wonders of flying in Northern Nevada.

If your interested in attending this fun event, in a fun/funky little community send me a note and I can get you the application, answer any questions.

Typical event with school presentations (with stipend), glow (with stipend), and flying for 3 days. \$100 Show up money, rooms, propane, a couple fun food functions, and of course the (In)Famous Winnemucca Open/Invitational Bowling Tournament (balloonists balloon and bowling is fun to watch em' try something different).

Looking forward to hearing back if your interested.

Enjoy the day and enjoy the adventure, be safe till our flight paths cross again and remember to keep the wicker down and the nylon up.
